Service Projects

We as Lions perform invaluable service and volunteering throughout our community, all year long. Mishawaka Lions contributed an estimated 470 hours of service during the 2017-2018 fiscal year. That’s amazing, it doesn’t include service outside of Lions activities, and those hours were accumulated through, but not limited to, the following activities:

- Vision screenings
- Eyeglass Collection, Sorting, and Washing
- Volunteering at the Indiana State Fair
- Mission trip to Central America
- Providing Dictionaries to 3rd Graders
- Bell Ringing for Salvation Army
- Ice Cream Social at Creekside Village and More!

Lions Honored Through Awards

Ron Barker – Lion of the Year
Becky Wertz - W.P. Woods Fellowship
Dean Johnson – Melvin Jones Fellowship
Don Crawford – William W. French Fellowship

President’s Message

During this past year, through the commitment of our members and support of our community, we were able to raise enough funds through 4 fundraisers to serve and support our local, state, and global needs in so many ways. Our efforts are also reflected in our membership growth, which consists of 7 new Lions joining us in service. There is always room to do more good and I call on our Mishawaka Lions, as well as our community, to make that vision a reality.
